

Praying With My Eyes Wide Open

(A song for pilots, emergency vehicle drivers, truck drivers, and anyone driving the highways at high speeds)

By Ronald Stout

Jesus, keep me safe today.
Keep all evil harm away.
Jesus, keep me safe today.
Keep all evil harm away.

Praying with my eyes wide open.
Praying with my eyes wide open

Both eyes searching to and fro;
Scanning for dangers high and low.
Both eye searching to and fro;
Scanning for dangers high and low.

Praying with my eyes wide open.
Praying with my eyes wide open.

O, trouble approaching,
I need some coaching.
Proverbs Twenty-two O three,
Proverbs Twenty-two O three.

O, trouble approaching,
I need some coaching.
Proverbs Twenty-two O three,
Proverbs Twenty-two O three.

Praying with my eyes wide open.
Praying with my eyes wide open.

O, danger's increasing, "pray without ceasing."

First Thessalonians five seventeen.

O, danger's increasing, "pray without ceasing."

First Thessalonians five seventeen.

Troubles passed and dangers gone.

Praise the Lord in prayer and song.

Troubles passed and dangers gone.

Praise the Lord in prayer and song.

Praying with my eyes wide open.

Praying with my eyes wide open.

Praying with my eyes wide open.

Praying with my eyes wide open.
